Administration update...

The busy holidays are upon us. Sign up today for our Direct Debit program. This allows your water bill to be automatically deducted from a checking or savings account. One less worry this holiday season. Application forms are available online at www.helendalecsd.org or can be picked up in the office.

Water operations update...

During the annual valve and hydrant maintenance program staff found a hydrant not working on Forest Court. Staff made the repair this month and the hydrant is fully functioning.

Sanitary sewer update...

During routine maintenance of the sewer line along Clubhouse Drive staff found a buried manhole. These manhole's provide access to the sewer system for maintenance and cleaning. Staff raised and grouted the buried

manhole at 1 East tee box for easy identification and access to the sewer system. This was also done with the manhole in the Clubhouse Townhomes.

Mandatory Use of the Area Code for ALL calls began October 24, 2009. Customers within the 760 area code are required to dial 1+ (area code) + (phone number) for all telephone calls from both landline and cellular phones. This new dialing procedure is to allow for the addition of the new 442 area code. After November 21, 2009, new telephone numbers in this area may be assigned either 760 or 442 as the area code. So when you call the office you will need to dial 1-760-951-0006, not 951-0006. For more information contact your local provider or the PUC at www.cpuc.ca.gov/760areacode.

Need help fighting holiday stress????
Help is here!

Helendale CSD - Park and Recreation Dept.
announces
Basic Yoga Class
